To whom it may concern,

I am pleased to recommend Mr. Jonathan Eyo Okon, who served as an intern at Em-One Energy Solutions during the implementation of the Energizing Education Programme Phase 2 project at the University of Abuja under my direct supervision as the onsite project manager.

During his internship, Mr. Okon consistently demonstrated the ability to manage responsibilities autonomously. He showed a good understanding of planning, coordination, and execution of tasks assigned to him and contributed immensely to the successful and timely delivery of the overall project.

As his supervisor, I observed his proactive approach in identifying challenges and willingness to solve them. He consistently collaborated effectively with team members, maintained a high degree of professionalism in all interactions, and displayed an unwavering dedication to continuous learning and making meaningful contributions to the organization.

I am confident that Mr. Jonathan Eyo Okon will bring the same level of commitment, and professionalism to any future endeavour. I highly recommend him for opportunities in project management or related fields.

Please feel free to reach out to me for further information if necessary.

Sincerely,

01/09/2025

Engr. Odinaka Agubata

Project Engineer

EM-ONE Energy Solutions Ltd
