PROFESSIONAL EXPERIENCE

HR / Administrative Support | Razley Prints — Abuja, Nigeria

Mar 2026 – Present

- Deliver end-to-end HR and administrative support across multiple internal departments, maintaining precise employee documentation, contracts, and records in full compliance with company policy.
- Lead onboarding coordination for interns and NYSC corps members, building a structured integration process that helps new hires transition smoothly into departmental workflows.
- Redesigned internal communication and workflow processes to strengthen day-to-day operational continuity across teams.
- Built and maintain organized digital and physical filing systems that enable fast, accurate record retrieval for HR and management.
- Serve as a key point of contact for management on scheduling, task delivery, and administrative priorities across cross-functional teams.

Key achievement: *Redesigned the intern/NYSC onboarding workflow, reducing administrative back-and-forth and helping new hires integrate faster.*

Program Coordinator – Priority Groups | Razley Prints — Abuja, Nigeria

Sep 2025 – Jan 2026

- Directed administrative and logistical support for priority organizational initiatives, sustaining consistent operational efficiency across programs.
- Owned end-to-end recruitment pipelines — from candidate sourcing through interview scheduling — ensuring a smooth, timely hiring process.
- Used Google Workspace and Asana to track deadlines, allocate resources, and manage cross-team task pipelines.
- Compiled administrative and operational reports for executive-level meetings, translating raw data into clear, decision-ready summaries.
- Partnered with cross-functional teams to ensure timely, successful project delivery.

Key achievement: *Streamlined the recruitment pipeline, tightening coordination between candidate sourcing and interview scheduling to shorten hiring turnaround.*

Project Manager / Electrical Engineer (Intern) | EmOne Energy Solutions — Nigeria May 2024 – Oct 2024

- Placed in charge of a team of labourers on electrical infrastructure projects — a supervisory experience that revealed a strength in people management and sparked a deliberate pivot into HR.
- Supported coordination of electrical infrastructure projects from planning through execution.
- Contributed to project documentation, scheduling, and on-site supervision.
- Provided technical and operational support to the engineering team on active energy projects.

Key achievement: Successfully supervised a labour team through multiple project phases — the experience that launched a transition from engineering into HR and people management.
